## May Amend Monroe Doctrine Amendment

(By Associated Press)

PARIS, April 14.—The status of the American, French-Japanese amendments to the covenant of the league of nations has been definitely established, so far as the league of nations commission is concerned, with the American amendment concerning the Monroe doctrine, the only one given place in the covenant by the commission. The French and Japanese, however, made reservations.

Those entailing them to renew at the plenary session of the peace conference questions involved in the amendments, so a final decision is still open.

(By Associated Press)

PARIS, April 14.—The council of four did not meet this morning. In the afternoon President Wilson had a long conference with Premier Orlando and other Italian leaders on the Adriatic problem, one of the last vital questions which remains to be discussed by the council. Premier Orlando recently suggested to President Wilson the advisability of an informal exchange over the question of Fiume and Italy's claims on the

east Adriatic. Mr. Wilson, in commenting on the suggestion, promised to take the matter his personal

## ONLY FIND OUT WAR IS ENDED

(By Associated Press)

CORONA, Alaska, April 14.—Shut off from civilization since last summer chiefly due to storms which prevented boats reaching them, two light house tenders of the Cape St. Elias light house have just learned that the war is over. Brought here yesterday, after five attempts had been made to reach the light house, the men were surprised at the trend of world events. Only two of a crew of five remain at the light house.

## MAY SHIP BOOZE CROSS DRY STATE

(By Associated Press)

WASHINGTON, D. C., April 14.—The transportation of intoxicating liquors for beverage purposes through a dry state is not prohibited under the Reed prohibition amendment, the supreme court held today in an order interpreting the act.

## START AIRSHIPS OVER ATLANTIC

(By Associated Press)

LONDON, April 14.—Vickers Limited is about to start a transatlantic air service with air ships, which the company was building for the British navy when the armistice was signed, the Pall Mall Gazette says. The passenger rate will be \$240.

## MILITARY RULE HOLDS AT MUNICH

(By Associated Press)

MUNICH, April 14.—Reports from the Third army headquarters at Munich say the garrison has established military dictatorship in support of the Hoffman ministry which the Soviet regime is seeking to oust from office. Action to recover the capital from the Soviet forces is progressing favorably, it is said.

## ELECTRIC EQUIPMENT FOR BROUGHER DIVIDE

(By Associated Press)

The southeast drift on the 500-foot or bottom level of the Brougher has been advanced 100 feet from the crosscut from the shaft and a crosscut will be driven to the hanging wall at the 100-foot point, the first to be driven since drifting was started. The ore in the face of the drift is assaying from \$24 to \$26, according to A. I. D'Arcy, consulting engineer.

The present gasoline-driven surface equipment is being replaced with a complete electric plant, comprising hoist and large air compressor.

Mr. D'Arcy states that the southeast drift will be continued for 400 or 500 feet or to the Tonopah Divide-Brougher boundary line, and that a drift will also be driven to the northwest.

Three shifts of miners are employed.

## FINANCIAL FETTERS RIVETED ON THE ATROCIOUS AUTOCRACY THAT PLUNGED WORLD IN WAR

(By Associated Press)

PARIS, April 14.—Germany, under the peace treaty, must pay \$5,000,000 cash or its equivalent in commodities before May 1, 1921. The nation must also issue immediately to the allied associated governments \$20,000,000, 000 in interest bearing bonds. The

interest on the bonds until 1925 will be either 2 or 3 per cent; after that date 5 per cent, according to present plans.

The bonds will be payable in installments during a period of 15 years. They probably will be kept in control of a central commission of the allied and associated governments so as not to be marketed in quantities.

(By Associated Press)

PARIS, April 14.—Alarmed by the results of the election at Hull last week, Premier Lloyd George of Great Britain, according to the Echo de Paris, persuaded the council of four to revamp completely the financial plan to be incorporated in the treaty of peace. Instead of a payment of twenty-five billion francs on account and small payments to be fixed by the commission, it has been decided to fix at once the amount which Germany will pay within 50 years.

Premier Lloyd George's trip home to England will be brief, according to the Petit Journal, which says he will be back in Paris Friday to attend the peace conference proceedings.

CARDINAL MERCIER IS COMING TO AMERICA

PARIS, April 14.—Cardinal Mercier, primate of Belgium, informed American congressmen who are visiting Brussels, that he will visit the United States next October.

GEORGIA RACE RIOTS CAUSE SEVEN DEATHS

MILLER, Ga., April 14.—A race clash at a Buckhead church in this county, yesterday resulted in seven deaths, it was learned today when news was received of the lynching of a negro taken from jail here.

REPORTED STRIKE CAUSES BIG RUSH AT LOVELOCK

Two strikes have been made this week about nine miles northeast of Lovelock. One at Willard and the other a few miles south of Willard. Herman Loose, Albert Loose and George W. Forbes got assays of 186 ounces of silver, 11 per cent copper and \$5.90 gold.

The new silver camp just south of Willard caused the excitement when E. S. Young, W. H. Goodin and O. H. Heson got an assay of \$333.60 on their group of claims called Treasure Hill.

WILL HANDLE FINANCES

Sam Belford, Reno attorney, and H. C. Clapp, cashier of the Carson Valley bank, have been appointed by Governor Boyle as members of the state board of finance to serve for four years.

FORECAST FOR THE WEEK

Southern Rocky Mountain and Plateau Regions: Local rains indicated for early days of the week, generally fair weather thereafter; nearly normal temperature.

league of nations evokes no enthusiasm in the London morning papers and it is declared by some commentators to be less satisfactory than the first draft. The Chronicle, for instance, points out certain points which it thinks make the new draft "distinctly and perhaps decisively inferior to the old."

## GERMAN SPY CHIEF GIVEN PROMOTION

(By Associated Press)

BERLIN, April 14.—Dr. Bernhard Dernburg, former chief of the German propaganda service in the United States, has been appointed minister of finance for the national government to succeed Dr. Schiffer who has resigned, the Tageblatt announces.

## COMMUNE ARMY SHUN ENCOUNTER

BERLIN, April 14.—Government troops sent against the Brunswick Soviet Saturday, reported today from Magdeburg that they had come in contact with outposts of the Brunswick Communist force. The outposts fled before the advances of the government contingent.

## New Compressor for the Tonopah Divide

A new compressor is being erected at the Tonopah Divide and after this work has been completed, which will be in about two weeks, development of the mine will be undertaken on a greatly enlarged scale on all levels. The new compressor will be of 1200 cubic feet capacity per minute, or about three times the capacity of the one now in use.

The southeast drift on the fourth level has been extended 160 feet from the cross cut from the shaft and is being continued in ore assaying from \$30 to high grade. No crosscuts have been driven since drifting was started. The shaft is being continued below the fifth level, where the station has not yet been completed, according to A. I. D'Arcy, consulting engineer. The general formation remains the same in the shaft, which is being continued in the rhyolite breccia.

The rise from the third level has almost reached the second and the top is now in material assaying from \$130 to \$140 per ton, illustrating the richness of the ore between these levels. The first 40 feet of this raise broke \$40 per ton. A raise is also being extended from the second to the first level and another will be driven from the first level to the surface to provide better ventilation for the lower workings.

The southeast drift on the third level, the face of which is in ore assaying \$40 per ton, according to Mr. D'Arcy, will be continued to a

short time. A crosscut will not be driven to the gold vein on the fourth level, but, according to present plans, it is probable that this vein will be explored on the fifth level. The gold vein was cut on the second level 530 feet southwest of the shaft, or about 425 feet southwest of the silver vein. The silver vein strikes southeast and the gold vein almost due east.

## VICTORY LOAN QUOTA STATED

(By Associated Press)

WASHINGTON, D. C., April 14.—The quotas of most communities for the Victory loan will be three-fourths the quotas in the fourth loan, the treasury department explained today since four and a half billions, the total, is three-fourths of six billion, the amount of the fourth issue. The goal assigned each community and state is left, however, to the federal reserve district loan organizations and will not be determined by the treasury department. The selling campaign opens April 21 and continues until May 10.

## BOLSHEVIKI SAY THEY ARE LOST

(By Associated Press)

LONDON, April 14.—Leon Trotsky, Bolshevik minister of war, admits defeat in the eastern front in a wireless message from Moscow picked up here. The message says: "All our efforts must be directed to the eastern front which is the only front upon which we suffered defeats. We must send old experienced troops to that quarter. It is absolutely necessary for us to capture Ekaterinburg Permna."

## YOUNG CATTLEMAN DIES IN TONOPAH

Walter Starkey, aged 28, died Saturday evening at his home in the Ryckman cottage on St. Patrick street and McCullough avenue after a short illness. The circumstances attending the death were especially aggravating from the fact that Mrs. Starkey gave birth to a child ten days ago and is now suffering from a milk attack of influenza.

The deceased was one of the most enterprising young ranchers engaged in the cattle business in Nevada or adjoining states. He came from Kingman, Ariz., four years ago after disposing of his interests in that section and bought the Williams ranch. Later he purchased the Wadde and Mount ranches at Fish Lake in Nye county, making him one of the largest cattle growers in the southern country. A two year old girl is also the fruit of the union and is afflicted with the influenza. The body will probably be shipped to Arizona for interment when the health of the widow permits her to travel. The death of Mr. Starkey is deeply regretted by the citizens of Nye county and sincere sympathy is extended to the afflicted wife.

## KOREANS WOUNDED BY SEOUL POLICE

(By Associated Press)

WASHINGTON, D. C., April 14.—A Tokyo dispatch to the state department reported that gendarmes took from the severance hospital, a Seoul institution maintained by Americans, three Korean painters suffering from gunshot wounds inflicted by the police.

(By Associated Press)

SAN FRANCISCO, Cal., April 14.—Four American missionaries at Seoul were arrested by Japanese in connection with the Korean revolution, according to information received by Rev. David Lee, general manager of the Korean National association branch here.

The missionaries arrested were Doctors John Thomas C. Avson, J. Ludlow and J. Herst according to information made public by Rev. Mr. Lee.

## PIONEER CARPENTER

Peter Erickson, aged 47, head carpenter of the Tonopah Mining company, died Sunday morning at 8:30 from pneumonia superinduced by influenza. He leaves a widow and brother, Charles, the latter being employed at the Mizpah shaft, who have the sympathy of every citizen of Tonopah.

Mr. Erickson was one of the best known citizens of the camp having been a resident of Tonopah for 12 years, during which time he held the responsible position of head carpenter. He came from Leadville, Colo., where he was affiliated with the I. O. O. F., having occupied every chair in the lodge and ranked as a past noble grand of Belmont lodge. He also was associated with the Rebekahs and ranked as one of the most enthusiastic advocates of the principles of the triple link. In later years he became affiliated with the Moose and Foresters of America and was treasurer of the Carpenter's union for several years. He had been sick for a week but the symptoms were not considered serious until Friday when his temperature rose rapidly. The funeral will be held Wednesday at 4:30 from Odd Fellows hall.

Mr. Erickson was born in Sweden in 1869, coming to Denver at the age of 18 years. He lived in Denver and Leadville, Colo., 14 years, when he came to Tonopah.

CLARENCE SAGE, the sure shot stock and ranchman, arrived today from his home in Winnemucca.
